

Slate Antico Gold

View of colour

Sizes

Tiles

500x500x20 mm Cal.

General Comments

Mostly used in modern landscaping applications.

Suitability

Indoor, outdoor, paths, patios pool surrounds and driveways.

Type

Sawn edge with natural cleft finish

Sealing

Responds well to solvent based sealers for interior applications. For exterior applications use invisible penetrating type or a non acrylic type used to enhance (darken) the colour.

Cleaning

Can use most cleaning products including those with a sulphamic acid formulation. Responds well to high pressure hose.

Colour

Multi colour with a blue grey background and flashes of brown/yellow in foreground.

Density

High density.

Note: Specifications subject to change without notification, colours may not be fully representative due to printing & colours may change between shipments as stone is a natural product.
